

# Getting started with Libby.

The one-tap reading app from your local library.

1

Install the Libby app from your device's app store.

2

Open the app and find your library. You can search by library name, city, or zip code.

3

Browse your library's collection and borrow a title. When prompted, sign in. You'll need a valid library card to complete this step.

4

Borrowed titles appear on your **Shelf** and download to the app automatically so you can read them when you're offline.

From your **Shelf**, you can:

- Tap **Start Reading** or **Start Listening** to open a title.
- Tap the cover image, then **Send to Device** to send a book to Kindle.
